

NO-BURN[®] INC.

CHRISTMAS TREE FIRE GARD

Christmas Tree Fire Gard is specifically formulated to help safeguard against accidental holiday fires. Freshly-cut Christmas trees, garland, wreaths and other freshly-cut decorations and/or centerpieces may be treated with this material. Christmas Tree Fire Gard will not discolor or brown the needles nor will it affect needle retention. It is easily applied in a ready-to-use quart container and is non-toxic and safe for children and pets.

Temperature Control:

Product must be kept between 40—90 Degrees Fahrenheit. Product must not freeze.

Directions For Use:

Prior to No-Burn® treatment, trim 1 to 2 inches off bottom of trunk for better water absorption. Place tree on a stable surface, make sure tree is free of ice, snow and debris. Shake the Christmas Tree Fire Gard bottle for at least 30 seconds with the nozzle closed. Adjust spray nozzle to a mist setting. Hold spray bottle at least 6 to 10 inches from tree surface, and spray until all surfaces of tree are evenly covered with fire retardant. One 32 oz. bottle of Christmas Tree Fire Gard will cover a tree approximately 8 feet in height. Allow to dry 2 to 4 hours before decorating. Tree is protected with Christmas Tree Fire Gard when it takes on a light, frosty appearance when dry.

Safety Hints:

Purchase a quality tree stand. Keep your freshly-cut tree watered. Should you have any remaining product after completely spraying your freshly-cut tree, simply pour it in the water in the tree stand to add supplemental protection. Turn off tree lights when you are asleep or not home. Make sure you do not overload electrical outlets.

One time application 32 fl. oz. bottle

Active Ingredients: water-based FR coating with alkaline salts.
See product MSDS for more information.

For product warranty and questions regarding the storage, application or usage of the product, please refer to information on the product label, review the manufacturer's website: www.noburn.com, email questions to info@noburn.com, and/or call No-Burn Incorporated at 800-989-8577.
