Project Background	
<p>Windsor, the first gated community in Union County, is preparing to have No-Burn[®] applied to all of the homes built in the development. No-Burn[®] is applied during construction of the new homes and will be an added value, included in the purchase of the home. Fifty-two homes in the Windsor Development, ranging from 2,000 – 3,000 square feet, are scheduled to be built and treated with No-Burn[®] Wood Gard. Homes in the Windsor Development will receive Fire Resistive Class Ratings (FRCRs), making them eligible for annual premium reductions. The homeowners also have the ability to upgrade; upgrades include both fire and mold protection.</p>	

Value to Purchaser	
<p>Weaver Painting, Inc., as a certified No-Burn[®] Dealer, is scheduled to treat all fifty-two homes, providing fire protection to the entire wood framing of the homes and mold resistance when desired. With the offered levels of protection, and receipt of a FRCR - 2, the homeowners are eligible to receive discounts on their Homeowner's Insurance and Annual Mortgage Premiums.</p> <p>In addition to the No-Burn[®] treatment, the Builder has also contracted Weaver Painting, Inc. to paint the complete interiors of all of the homes.</p> <p>The Supervisor and Builder of the Windsor Development have future plans to provide the same programs and products to new homeowners.</p>
